WHEELS TYPES

TPR (Thermal Plastic Rubber) - **Semi Soft Tread** Outdoor surface, Vinyl, Carpet, Multi-task wheel choice – Quiet & Durable

Poly - **Hard Tread** – Best Choice of Carpet or Carts used in Laundry situations

Balloon Cushion - **Soft Tread** - **QUIET** Outdoor Surfaces, Grouted Tile, Vinyl, Towing (difficult on carpet)

Heater - **High Heat Situation & Machines**

Pneumatic - (air or foam filled) Outdoor Surfaces

CASTER TYPES

Standard Zinc Plated Steel - Preferred Choice on most transport cart. **SIZES 3-8"** - Directional options available

Stainless - **Never Rust** withstands High Temperature Sanitizing (autoclave) – Outdoor Marine & Humid conditions. **SIZES 5-8"** - Directional options available

Extended Fork (Kingpinless Caster) - Use in Towing Situations

Stem/Post Caster - Used on Small or Wire Carts **SIZES 5- 8"**

BEARING CHOICES

Delrin: Noisy – (found in most Bulk Carts) Plastic on Plastic Design, wears down quickly – is not the best for efficient pushing of the carts & Creates wobble.

Roller Bearing: Standard, Needs to be greased. Can lock-up from dirt & grime.

Precision Ball Bearing: Best Choice Quiet, Smooth & Easy Rolling Cart. **No Greasing Needed. Long Life.**

ADDITIONAL OPTIONS

- Side Mounted Parking Break
- Top Mounted Parking Break
- Thread Guards
- Wheel Color Varieties

More Options available, call today to learn more!
